Public Notice

The Kansas Department of Health and Environment held a public hearing April 27 in Sylvan Grove for consideration of modifications, revocation and reissuance, or termination of a national pollutant discharge elimination system (NPDES) permit, A-SALC-CO02, KS-0088722, for a wastewater treatment facility for the Meyer Land and Cattle Co., Inc., MLC II, a confined

feeding operation.

After consideration of all requirements of state statutes, regulations, standards and comments received prior to the public hearing comment closure date, the Secretary of Health and Environment has decided to terminate the permit based upon the failure of the permittee to accurately disclose the status of a dwelling located west of the proposed site within the separation distance prescribed by KDHE design standards for confined livestock feeding operations.

Therefore, pursuant to K.A.R. 28-16-62, public notice of the secretary's decision to terminate NPDES permit, A-SALC-CO02, KS-0088722, for a wastewater treatment facility for the Meyer Land and Cattle Co., Inc., a confined feeding operation, is hereby provided.

Taxation—Property Valuation, Equalizing Assessments, Appraisers and Assessment of Property—Appeals by Taxpayers From Classification or Valuation of Property; Informal Hearing With County Appraiser; Timing of Mailing of Final Determination. Representative Thomas Bradley, 52nd District, Topeka, July 16, 1993.

The deadlines established by K.S.A. 1992 Supp. 79-1448 for holding informal hearings and giving final determinations of value in property valuation appeals are mandatory. However, a final determination is "given" when it is made, not when it is mailed. If final determinations are made after the May 20 deadline, and the director of property valuation does not extend that deadline, certifying the appraisal rolls to the county clerk does not cure the failure to meet the statutory deadline. Article 6.—GOOD TIME CREDITS

44-6-124. Awarding good time. (a) For crimes, other than class A crimes, committed prior to July 1, 1993, an inmate may earn good time credits which will be subtracted from the minimum sentence in order to establish a parole eligibility date or the maximum sentence in order to establish the conditional release date.

(b) Good time credits may be earned and awarded only for time served on a sentence on and after the beginning date of the sentence. Good time credits shall not be awarded for any period of time served prior to

the beginning date of sentence.

- (c) Unless the application of good time credits would result in a release date earlier than the initial award date, the initial award of earned good time credits shall be made at the time of the inmate's first program classification review which falls 120 days or more after the inmate's admission to the custody of the secretary of corrections. The initial award of earned good time credits shall cover the period from the beginning date of the sentence to the date of the initial award but shall be based on the factors set forth in subsection (f) for the time period from admission to the custody of the secretary of corrections to the date of the initial award.
- (d) Following the initial award, good time credits shall be awarded at each program classification review from credits available to be earned since the previous program classification review.
- (e) If the entire allocation of good time credits is not awarded at a program classification review, no part of that allocation shall be awarded at a later date.
- (f) The following factors shall be considered in determining whether an inmate has earned good time credits:
 - (1) the inmate's performance in a work assignment;
- (2) the inmate's performance in a program assignment;
- (3) the inmate's maintenance of a appropriate personal and group living environment;
- (4) the inmate's participation in release planning activities;
 - (5) the inmate's disciplinary record; and
- (6) other factors related to the inmate's general adjustment, performance, behavior, attitude, and overall demonstration of individual responsibility and accountability.
- (g) An inmate's disciplinary record shall affect the earning of good time awards in the following manner.
- (1) A guilty finding of a class I disciplinary offense shall result in the withholding of a minimum of 50% of the good time credits available for that program classification review period.
- (2) A guilty finding of a class II disciplinary offense shall result in the withholding of a minimum of 25%

but not more than 50% of the good time credits available for that program classification review period.

(3) A guilty finding of a class III disciplinary offense shall result in the withholding of a minimum of 10% but not more than 25% of the good time credits available for that program classification review period. For purposes of this provision, summary judgments pursuant to K.A.R. 44-13-201b shall not be considered a guilty finding.

(4) In the event there are multiple disciplinary violations within a single disciplinary report, only the most serious violation for which the inmate was found guilty or pleads no contest shall be counted in determining the percentage of good time credits to

withhold.

(5) The percentage of good time credits withheld during a program classification review period shall be cumulative but shall not exceed 100% of that available

for that classification review period.

- (6) A pattern of refusal by an inmate to constructively work or participate in assigned programs shall result in the withholding of 100% of the good time credits for that program classification review period, unless the inmate is determined by the facility health authority to be physically or mentally incapable of working or participating in a particular program or detail.
- (h) Good time credits which are forfeited as a result of a penalty imposed for a disciplinary offense shall not be restored to an inmate. (Authorized by and implementing K.S.A. 1992 Supp. 22-3725, as amended by L. 1992, ch. 239, sec. 272; effective, T-84-32, Nov. 23, 1983; amended May 1, 1984; amended Nov. 12, 1990; amended Sept. 30, 1991; amended April 6, 1992; amended Sept. 13, 1993.)
- 44-6-146. Presumptive sentence good time credits.

 (a) For crimes, other than off-grid crimes, committed on or after July 1, 1993, an inmate may earn good time credits which will be subtracted from the prison portion of the inmate's sentence, thereby resulting in an earlier release date from imprisonment.

(1) The maximum amount of good time which may be earned shall be limited to 20% of the term of im-

prisonment imposed by the court.

(2) The total amount of good time credits earned and retained by an inmate shall be added to the period of post-release supervision applicable to the inmate's sentence.

(b) Good time credits may be earned and awarded only for time served on a sentence on and after the beginning date of the sentence. Good time credits shall not be awarded for any period of time served prior to

the beginning date of sentence.

(c) Unless the application of good time credits would result in a release date earlier than the initial award date, the initial award of earned good time credits shall be made at the time of the inmate's first program classification review which falls 120 days or more after the inmate's admission to the custody of the secretary of corrections. The initial award of earned good time credits shall cover the period from the beginning date of the sentence to the date of the initial award but shall

be based on the factors set forth in subsection (f) for the time period from admission to the custody of the secretary of corrections to the date of the initial award.

(d) Following the initial award, good time credits shall be awarded at each program classification review from credits available to be earned since the previous program classification review.

(e) If the entire allocation of good time credits is not awarded at a program classification review, no part of that allocation shall be awarded at a later date.

- (f) The following factors shall be considered in determining whether an inmate has earned good time
 - (1) the inmate's performance in a work assignment;
- (2) the inmate's performance in a program assignment;
- (3) the inmate's maintenance of a appropriate personal and group living environment;
- (4) the inmate's participation in release planning activities;
 - (5) the inmate's disciplinary record; and
- (6) other factors related to the inmate's general adjustment, performance, behavior, attitude, and overall demonstration of individual responsibility and accountability.
- (g) An inmate's disciplinary record shall affect the earning of good time awards in the following manner:
- (1) A guilty finding of a class I disciplinary offense shall result in the withholding of a minimum of 50% of the good time credits available for that program classification review period.

(2) A guilty finding of a class II disciplinary offense shall result in the withholding of a minimum of 25% but not more than 50% of the good time credits available for that program classification review period.

(3) A guilty finding of a class III disciplinary offense shall result in the withholding of a minimum of 10% but not more than 25% of the good time credits available for that program classification review period. For purposes of this provision, summary judgments pursuant to K.A.R. 44-13-201b shall not be considered a guilty finding.

(4) In the event there are multiple disciplinary violations within a single disciplinary report, only the most serious violation for which the inmate was found guilty or pleads no contest shall be counted in determining the percentage of good time credits to

withhold.

(5) The percentage of good time credits withheld during a program classification review period shall be cumulative but shall not exceed 100% of that available for that classification review period.

(6) A pattern of refusal by an inmate to constructively work or participate in assigned programs shall result in the withholding of 100% of the good time credits for that program classification review period, unless the inmate is determined by the facility health authority to be physically or mentally incapable of working or participating in a particular program or detail.

(h) Good time credits which are forfeited as a result of a penalty imposed for a disciplinary offense shall not be restored to an inmate. (Authorized by and implementing L. 1992, ch. 239, sec. 22; effective Sept. 13, 1993.)

Article 7.—PROGRAMS AND ACTIVITIES

- 44-7-116. Release gratuity. (a) Definitions.
 (1) The term "initial release" means the first time an inmate is released on an active Kansas sentence.
- (2) The term "subsequent release" means the release of an inmate on an active Kansas sentence to parole, conditional release, post release supervision or upon expiration of a sentence when the release follows a period of incarceration based solely upon violation of conditions of prior release.

(b) Initial release.

(1) Upon initial release an inmate shall receive a cash payment of \$100.00 unless the inmate's trust account has a balance of \$500.00 or more at the time of release.

(2) An inmate's account shall be considered as having a balance of \$500.00 or more if at any time during the 30 days immediately preceding the inmate's release the account had a balance of \$500.00 or more. In the event the account had a balance of \$500.00 or more during this 30 day period, no gratuity shall be paid. Verification of previous account balances shall be through a reasonable search of the department of corrections' automated inter-facility accounting or inmate banking systems.

(3) Inmates who are engaged in any type of work release employment at the time of their initial release shall not be eligible to receive a gratuity payment.

(4) The deputy secretary for facility management may for good cause authorize an initial release gratuity of \$100.00 notwithstanding other provisions of this regulation.

(c) Subsequent release.

(1) Upon a subsequent release an inmate shall receive a gratuity payment of up to \$40.00 if the inmate's trust account balance is \$100.00 or less at the time of the inmate's release.

(2) Inmates who are engaged in any type of work release employment at the time of their subsequent release shall not be eligible to receive a gratuity

payment.

(3) The total amount of all gratuity payments an inmate may receive over the life of an active sentence shall not exceed \$220.00 unless specifically authorized by the deputy secretary for facility management. (Authorized by and implementing K.S.A. 1992 Supp. 75-5211, as amended by 1993 H.B. 2129, §1; effective Sept. 13, 1993.)
